

THE CHIEFTAIN

RES

Alma Mater

As Freshmen here we entered
These halls not yet grown old
And all our hopes here centered,
To the colors Blue and Gold.
In the years that are before us,
May we keep our standard high
While the others pushing onward
Raise the banner to the skies.

As the curtain starts its falling,
And we leave the stage of life,
May we glance back o'er the years,
Through the days of grief and strife.
To the days when we were happy
And our joys were manifold,
As we helped maintain the honor
Of our banner Blue and Gold.

As we assumed the roles of leaders in Narrowsburg High School, we strived to do our best for the improvement of our school, and the spirit associated therewith. We hope that we have left a favorable mark from our year of service and that all future seniors will strive, as we did to make the halls of N. H. S. a place to be proud of.

And we are proud of you,

Dedication

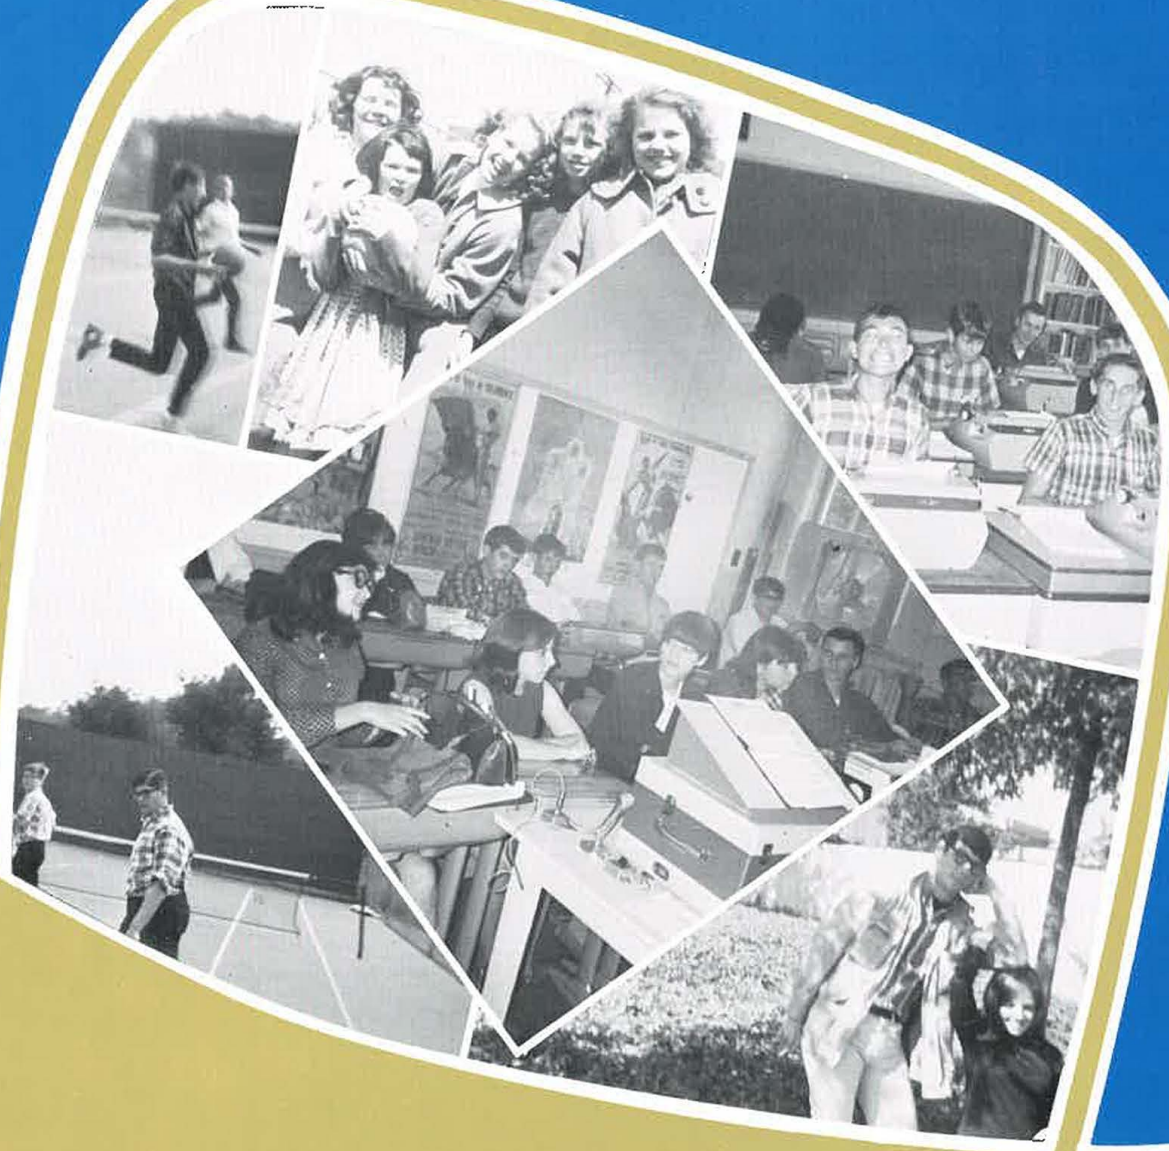

We dedicate this 1968 Chieftain to you, Mr. Hulihan and Mrs. Poley, for your thoughtful and never ending guidance throughout these past four years. Without your help and experience it would have been difficult to make it through our activities or survive our many difficulties.

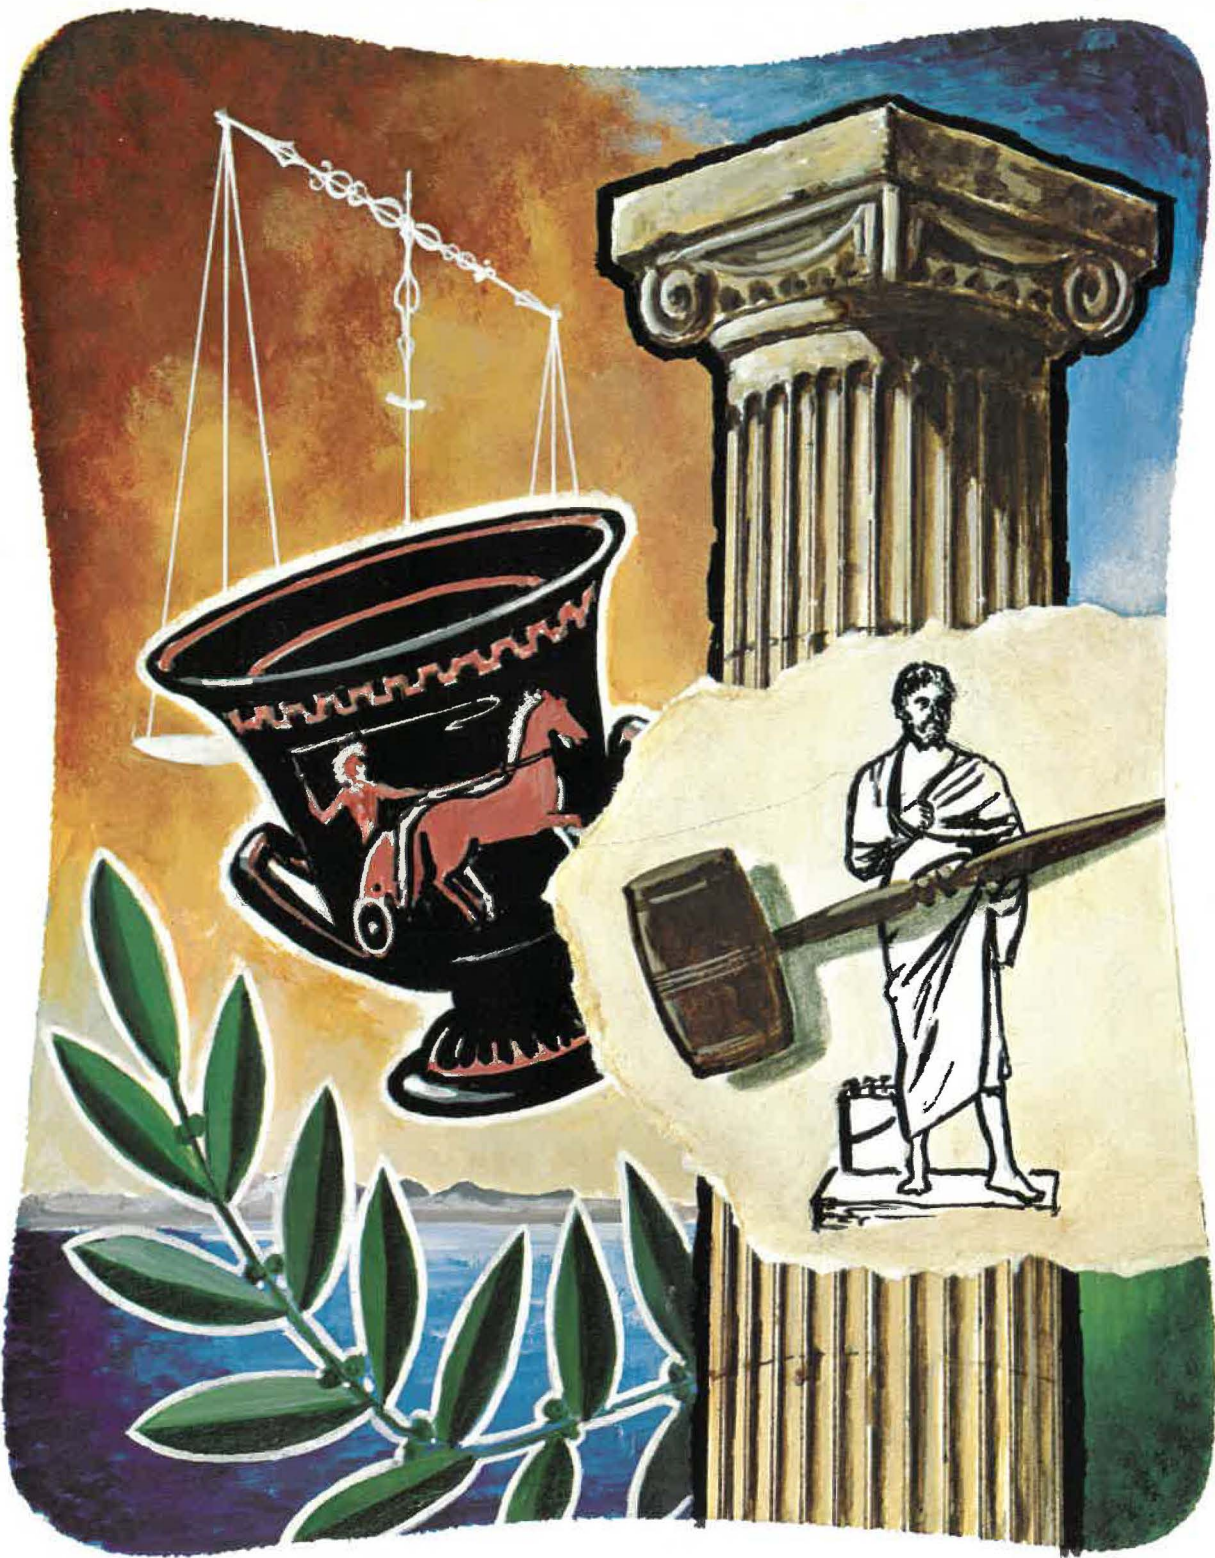

It is hard to express our gratitude for all you have done. We feel the best way to express it is with a sincere THANK YOU.

Thank you, Mr. Hulihan and Mrs. Poley.

Administration

MR. SULLIVAN, PRINCIPAL

I am happy to extend my congratulations to the members of the Class of 1968 as their graduation date approaches. You are one of the largest classes to graduate and join almost 800 previous Narrowsburg graduates. The first class of 12 students graduated in 1931. I hope all of you success in your post high school careers.

No race does he run.

With his accurate gun.

Cindy Elizabeth Dexter

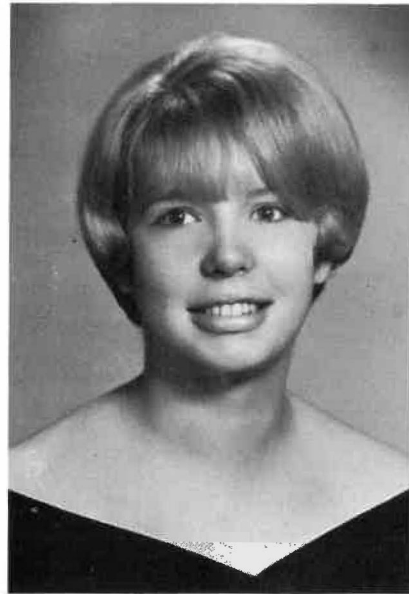

Cindy's the keeper
Of all the class money
And according to the boys
She's something of a honey.

Lulu's got the beat
With her voice and her dance,
She's the type of girl-
That gives everyone a chance.

On her gamin-like face,
Dottie keeps the class
Right up in the race.

He tries to get ahead
So that he and Theresa
Soon can be wed.

The class may go
But exactly where
As yet we don't know.

Kathy's a homemaker,
Dressmaker and cook
A beautician she'll be
By hook or by crook.

Kathleen Ann Gavitt

Come fair day or foul,
Come sunshine or snow
Where the action is-
There's Peter the Crow.

Peter Grieco

Eric Gregson

An artist is he
In psychedelic form.
Eric's wild figures
Are far from the norm.

Arthur J. Hawker

His gamin-like grin
And his wit are the key
To Arthur's success
With his comedy.

To and from town-
When she graduates
She's California bound.

Activities

Student Council

SEATED: T. Fuller, B. Brock, R. Bunnell, J. Katzoff, B. Denny, R. Lander.
STANDING: F. Young, T. Maas, R. Meyer, Mr. Hulihan, W. Starkey.

The Student Council sponsors various activities during the year with the intent of bettering the school and promoting school spirit, besides improving the school itself.

This year, led by Bob Bunnell, the Council devised and ran their own assembly. Their aim is to sponsor more activities and make the students more active in Narrowsburg Central School.

National Honor Society

SITTING: Senior members; Robert Hlavac, Linda Lilholt, Carolyn Bennett, Pam Valenti, Betsy Vannatta, Mr. Ludwick, Advisor. STANDING: Junior members; Sarah Purcell, Kay Hawker, Rita Weltz, Henry Stiene, Bruce Denny, Larry Miller, Nancy Schalck, Pat Young, Debbie Vincent, Debbie Dexter.

The National Honor Society is an organization of students who meet the four qualities of Character, Scholarship, Service and Leadership. Besides being an organization based on these qualities the Narrowsburg Chapter has developed into an active Service organization. In the past year we have sold candy at all games and have provided record hops for NHS students. Tutoring has been made available to the elementary grades and at Christmas time we sang carols at the Methodist Home. We hope future members will carry on these services.

Senior Division

Junior Division

Future Homemakers of America is a national organization of girls and boys studying homemaking in schools in the U.S., Puerto Rico and the Virgin Islands. It is an integral part of the homemaking program. Providing students with opportunities to have additional experiences in planning and carrying out activities relating to homemaking is its goal. Activities are carried out through a local, district, state and national level.

This year FHA is divided into two groups, the senior division and the junior division. We work on major projects like letters and packages we sent to service men in Vietnam at Christmas time. We also did caroling for the senior citizens of the town. Earlier this fall, we attended a rally in Newburgh. Beautification was our project and we took along "The house of 5 P's."

The senior division officers are: President, Jennifer DeSantis; Vice-President, Nancy Schalck; Secretary, Kay Hawker; Treasurer, Kathy Gavitt; Historian and Reporter, Linda Stewart. Other senior members are Sue Daily, Erial Patterson and Barbara LaBarr.

The junior division of officers are: President G. Vincent; Vice-President, Secretary and Treasurer, Elsie Wood.

Rifle Club

ROW ONE: Mr. Sullivan, Hank Steine, Art Hawker, Richard Cortese, Phillip Hoffman, Durwood Powell.
ROW TWO: Robert Fulton, Ed Pierce, Art Nicholas, Ron Hiller, Ed Grund, Everett Baer, Richard Kayser,
Ricky Myers, Bill Baer. ROW THREE: Terry Treverton, Clarence Reeves, Mike Kraus, Al Heinle, Terry
Tenbus, Ken Ropke, Larry Miller, Bill Holborn, Bob Lander.

The Narrowsburg Rifle Club has been a member of the National Rifle Association for twenty years. Each year the club competes against school clubs all over the country in the National Postal Matches. In the interval between basketball and baseball and track seasons, the club selects a team of ten shooters to compete against other schools in the Western Sullivan League. As fortunes fluctuate the team has won the League matches during some years and at other times has fallen below the top. Usually about twenty students belong to the club.

Visual Ed

FRONT ROW: Linda Lilholt, File Clerk; Brigitte Muller, File Clerk; Cindy Dexter, President; Pam Valenti, Secretary & Treasurer; Linda Stewart, Ricky Cortese. SECOND ROW: Jan Katzoff, Bill Baer, Everett Baer, Frank Young, Mr. Scheuren, Adviser; Joanne Katzoff, Helen Kowz, April Bonitz, Kay McConnell, Barbara LaBarr. THIRD ROW: Don Fuchs, Joey Henz, Fred Reiners, Jeff Nober, Ronald Roberts, Howard Katzoff, Terry Tenbus, Phil Hoffman, John Buddenhagen, Sal DeMauro.

Visual Education is one of the many services to our school. Our president informs the teachers when films arrive and what films are available to them for class showing. The file clerks keep the files neatly arranged and in order for easy use. Many films are made available to our club free of use and many others must be either rented or bought.

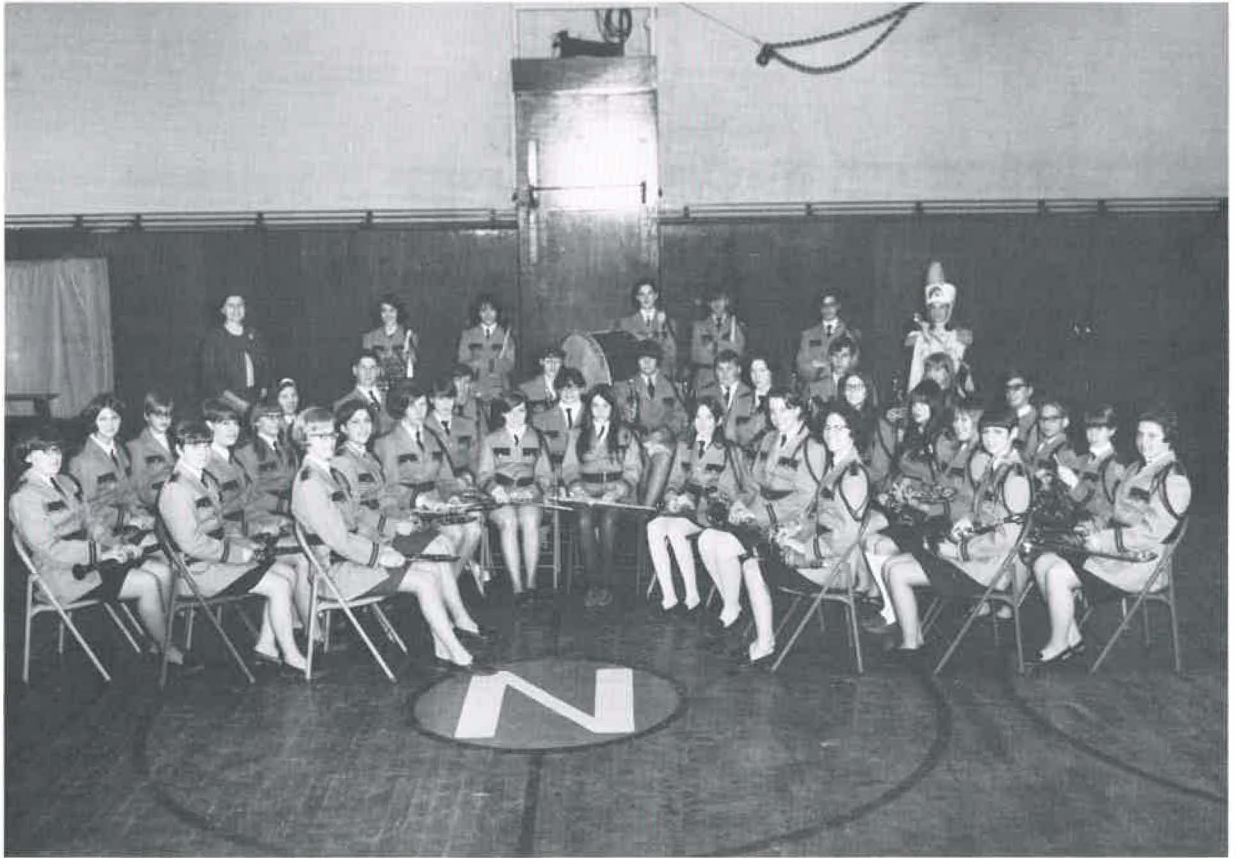

It is a very helpful club for teachers and students alike making many fine films available for viewing.

Dear Linda

I just got word from Tom Fuller (you remember, our N.H.S. senior class president. He has tried to be a lawyer, but got his first case so loused up when he was defending Bill Tegeler's Insurance Company, that they kicked him out of the N. Y. State Bar Association and Bill lost his entire company) that we will have our tenth year reunion on March 12, at N. H. S.

It seems so long ago that we were mighty seniors, and I can't really say that I would like to do it over, because of the constant arguments we had with the teachers and the ridiculous amount of homework they always gave us. Between that and all the other activities we were involved in I am surprised that more people didn't have nervous breakdowns.

Tell me, Linda, how do you get time to take care of the kids (you have seven, don't you?) and write your "Dear Pad" gossip column? (By the way, I read in it that Dianne and Lorraine have become partners in a beauty salon in Liberty. Doesn't Cathy have one in Lake Huntington where the Sew Shoppe used to be)?

Tommy told me that Zb and LuLu are part owners of the 1,999 largest accountant firm in New York City. I understand they do the books for Dotty's fashion business. She married a very talented fashion designer, and now runs an exclusive shoppe which features his clothes. Egg is also in the City. She's playing with the New York Philharmonic and giving private lessons in flute and piano on the side. He also told me that Bob Bunnell has the job of boys Phys. Ed. teacher at N.H.S. (but takes Cindy's girl's class every-other day). Both Bob and Cindy have first place basketball teams, but the soccer teams seem to still be lacking (something).

I hear that Lindy Keesler has become a very devoted Vista Volunteer. How did she ever find Bob Hlavac on that deserted island where he was existing so peacefully??? Leave it to Lindy!

Guess what? You must have heard that Teri was interplanet interpreter, but did you know that she was the first earthling to marry a Martian? One of our very own classmates has been a pioneer in making inter-planecular peace! Peter is working on the moon as a nuclear power engineer. He wrote me and said that he has invented a very simple way to make nuclear energy. Must be another one of his secrets.

Don and Cy are doing underwater demolition for the Navy. How Art ever got involved in that from Police Pathology, I don't know. Or maybe I do. It seems that they have found a mermaid colony somewhere in the far-Eastern seas, and they spend most of their time there instead of doing assigned work.

Eric is also working for his uncle, but under different conditions. He got a lifetime jail sentence for destroying his draft card (he drew a picture of his uncle on it). His sentence was shortened to 40 years because he agreed to write satirical cartoons for him.

Brigitte and Judy didn't last long as career girls. I think Brigitte went to school six months before she got married (but is a secretary part-time now), and Judy sends her kids to school and goes to work as a high fashion buyer for Bonwitt Teller.

Bernie is trying to restore the landscaping in Viet Nam after the bomb hit, but the radioactivity caused so many plant mutations that he has changed the entire country to a green house for "Special Plants"!

Bob VanKeuren was drafted and is now shooting (pictures) of the War. When he comes home, he, Crow and Carl will become partners in VanKeuren Construction. Now Carl is working with Bob's father and Crow is at the A.A. Ricky is also in the war and has attained a high rank in the Marines. On the side, he collects shells and polishes guns for fifty cents a piece. When he comes home, Ricky will resume management of his rifle shop which his wife and ten children are now running (away from?).

Have you heard anything from Dorris? The last I heard she returned to Des Moines and is teaching grade school there. Betsy also went west, and from what I gather, has made a very successful business venture (ie, she married a 90 year old multi-millionaire). Marilyn is still deciding what to do, but in the meantime she has gotten married. Blanche's case is similar. She also is part owner of the camp in Cohecton. Linda S. and Mrs. Poley have invented 'Pilled Food' for people who can't find time to eat. I tried some the other day, and now I FIND time to eat! Carolyn is teaching art at Pratt, and has married one of her fellow professors.

Well, Linda, it was good catching up on the news with you. It reminds me of old times. After being married all this time, I still think that marriage is a crazy institution--but I'm crazy anyway, it didn't take long getting used to--and I even LIKE it. Can you imagine? Everyone here is fine, but were a little hectic a few weeks ago when my youngest had her tonsils out--all the others wanted theirs out too!! Give my regards to your husband, and your folks. Please contact Mr. Hullihan at school if you are attending the reunion. I hope to see you then. Until then, Linda, Ten cuidado y escribe pronto.

Sincerely,

Pam

B. O. C. E. S.

This year is the first of the Vocational School Program in Liberty. Our school and eight others participate in the program. Credits earned here go toward graduation requirements.

Cosmotology, Office Practice, Auto Body Repair, Auto Mechanics and Carpentry are offered.

Across the top of the page are scenes from Cosmotology, where the girls get book training and practical experience. This two year course prepares girls to go to work upon graduation. Along the left side of the page are pictures from Auto Mechanics and Auto Body Repair classes. This course, like all the rest, prepares students for work upon successful completion. On the right are Office Practice pictures where students get two years of up-to-date training in the office field. The lower right hand picture is of Mr. Schwalbenberg, Executive Director of B. O. C. E. S.

It is hoped that in the future the Vocational School Program will expand to enhance many other occupations, including Electrical Repairs, Conservation, and Ornamental Horticulture.

NO MINORS SERVED

Class History

In September of 1964, thirty very exuberant teenagers frolicked into room 13. Shortly thereafter some of them were removed to other grounds; namely, room 17. Then we settled down to work with the election of class officers: President, Tom Fuller; Vice-President, Margot Johnson; Secretary, Nancy Kellam; Treasurer, Cindy Dexter; and Student Council Representative, Dotty Fuchs. Our first money making activity was a ham dinner. During the year two new members, Jim Decker and Sal Ercalano joined us.

Then we tumbled into our sophomore year. Some of us invaded Mr. Martin's room until Mrs. Poley re-joined us after an illness. Our first job as sophomores was to elect officers. They were: Linda Stewart, President; Carolyn Bennett, Secretary; and Cindy and Dotty resumed their former positions. Jim Decker, Sal, and Nancy drifted away, and we soon lost Margot to the drifters.

Our first dance, "The World Beyond," featured the wildest silver flying saucer that Narrowsburg has ever seen. We danced until twelve to the music of the Pastels. Our second "avant-garde" activity of the year was a smorgasbord; and it was just that--"avant-garde."

With the coming of the junior year came Pete Greico, Teri Hensz, Don Nelson, and later, Eric Gregson and Robert Sulecki. Leaders for that year were: Linda Stewart, President; Bob Hlavac, Vice-President; Carolyn Bennett, Secretary; Cindy Dexter, Treasurer; and Linda Lilholt represented us at Student Council. We then went to work on the most action packed year so far. First we ordered our class rings and set up for our roast beef dinner. Just before Christmas our rings arrived causing a major disturbance in room 13, since the rings had been delayed nearly a month by a strike at Joustens.

Then came our class play; "And Never Been Kissed." By the time that night was over, we were all very sure that we could take it to Broadway! For our Prom we turned out the best "Mardi Gras" that New York has ever seen. In May of this year five of us were inducted into Honor Society; Carolyn, Bob H; Linda L; Pam, and Betsy.

Then came the year we had all been waiting for. At last we were seniors. We welcomed two new members, Lulu and Dorris, but were sorry to say good-bye to Teri, who left us in January. Our officers for the best year were: Tom Fuller, President; Carl Fuchs, Vice president; Betty Vannatta, Secretary; Cindy Dexter, Treasurer; Dotty Fuchs, Student Council Representative; Bob Bunnell, President of the Council; and Pam Valenti, Editor of the yearbook.

Finally the biggest day of our high school career arrived. We were headed for Washington, D.C., and miraculously we made it back. After Christmas we were introduced to a "new" boy; Robert Sulecki. Over the vacation Zb had his name changed, but he will always be Zb. to us.

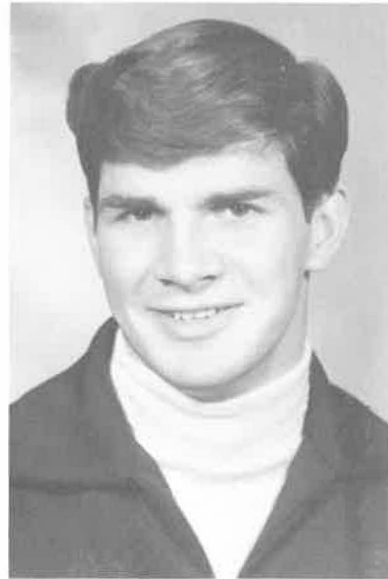

Now we have one more goal to reach together; Graduation. We wish to extend our thanks to all the teachers of N.H.S. for putting up with us all these years. And to Mr. Hulihan and Mrs. Poley who saw us through all, we give our heartfelt thanks and a special commendation for their patience and fortitude.
